BIOHAZARD SECURITY BAG

Excellent quality bag, easy visibility of printed text and STEAM indicator.

Biohazard logo printed and instructions for use.

Special security bags, manufactured with high thick polypropylene.

Bags offer a high degree of safety when collecting, transporting and processing contaminated and disposable products. Bag colour makes easier identification by sanitary personnel.

Steam indicator printed in each bag withstanding autoclave temperatures. Indicator changes colour into dark, when it has passed through autoclave. It has also printed biohazard symbol, easily recognized by users.

Reinforced bottom offers a high resistance to tearing and breaking, avoiding risk of leakage.
